KYOTOGRAPHIE

International Photography Festival 2019

1st. PRESS RELEASE

The 7th edition of the KYOTOGRAPHIE International Photography Festival will be held from April 13th–May 12th 2019, presenting over 13 exhibitions centered around the theme “VIBE”, all shown in iconic Kyoto venues with original scenography.

The KYOTOGRAPHIE International Photography Festival is held annually over four weeks during the height of the spring tourist season in Kyoto, in a style that is unique in Asia. Exhibitions are spread across the city, staged creatively in various traditional and contemporary settings. The festival creates opportunities, bringing people together of all ages, cultures and backgrounds. Now recognized as one of the world's leading photography events, KYOTOGRAPHIE has attracted some 560,000 visitors from within Japan and overseas since 2013.

Our theme for 2019 is “VIBE.” A VIBE is a distinctive emotional atmosphere, something sensed intuitively and deeply connected to our mood. Vibes rush over you when you meet a person, confront a memory or event, visit a place, hear a piece of music, or remember a time. These invisible waves, both positive and negative alter our experience, they either separate us or connect us.

Lucille Reyboz & Yusuke Nakanishi,
Co-founders and Directors of KYOTOGRAPHIE

Satellite Event: KG+

Started in 2013, KG+ is an open-entry art festival dedicated to discovering and fostering talent among photographers, curators and gallerists alike. For this, our seventh annual edition in 2019, we are making various changes in procedures to insure a more fair and transparent festival for all.

KG+ Select (venue: former Junpu Elementary School)
12 nominated artists will compete for the KG+ Grand Prix;
1 winner will be invited to participate in the following year's main official KYOTOGRAPHIE programme and receive ¥50,000 to cover production costs.

KG+ (venue: various locations)
exhibitions throughout Kyoto, including solo shows, group shows, and cultural projects organised by galleries/museums/schools, etc.
